

PLAYER PETITION FORM

DEADLINES:

Due Date: Petition must be submitted prior to team's/player's first practice.

Last Date to Submit Petition: 1 week before any games (scrimmages, tournaments, or regular season matches)

Expiration: All petitions, granted or not, only apply for the current season and year. Petitions must be re-submitted for each new season and year.

Rugby Idaho policy states: Teams currently have set boundaries, based on school district boundary maps, determining which school(s) makes up the team. Players that attend a school that has an affiliation with a rugby club must play for that rugby club. If a player attends a school that has no affiliation with a rugby club or does not live in a school district with a rugby club, the player must play with the closest club (practice location) to their home address. For further questions, please address the 2020 Manual to see player boundary criteria.

A player **MUST** petition to play with a club that is not affiliated with their school. The Board, on an individual basis, will consider player petitions. The board will share the petition with the coach of the affiliated team and must get their approval in addition to board approval. To petition, email this completed form to executivedirector@rugbyidaho.com for review.

Date: _____

Player's Name: _____

Player's Email: _____
